(4) Products subject to these standards shall not be described as long-term care insurance or as providing long-term care benefits.

(5)(a) The percentage or dollar amount of the policy death benefit that may be accelerated may be limited.

(b) The limit shall be specified in the form.

(6) A time frame within which proof of eligibility shall be provided shall be prohibited.

Section 5. Benefit Design Options. (a) Specify the amount of the death benefit of the policy that may be accelerated by the

owner;

(a) The lien may be applied only against the policy death benefit, not against any policy cash value;

(b) The lien may bear interest.

1. The interest rate accrued on the portion of the lien which is equal to the cash value of the policy upon acceleration shall not be more than the policy loan interest rate stated in the policy.
